EDUCATION

Vellore Institute of Technology, Vellore, India Bachelors of Technology in Computer Science and Engineering	Dec 2020 - Jun 2024 CGPA: 9.40/10.0
SOS Hermann Gmeiner School National Examination Board	Jun 2018 - Jun 2020 CGPA: 3.79/4.0
SOS Hermann Gmeiner School Secondary Education Examination	June 2018 CGPA: 3.70/4

EXPERIENCE

Siemens EDA - Software Engineer Software Development, Cloud SaaS Gamma	July 2024 - Present Hyderabad, India
- Developed a feature to dynamically populate the action sheet provided by the stakeholders, identifying actions that require attention. Developed tracking features to monitor monthly action improvements, improving overall dashboard efficiency. - Reduced latency for more than 10 high-frequency actions by minimizing redundant manager calls, implementing batch processing and the Promise framework, bringing actions under 10% latency overhead. - Developed the profiling capabilities for actions present in Capital Component Manager and Capital Project Manager.	
Siemens EDA - Internship Software Development, Frontier Bridges	Jan 2024 - Jun 2024 Hyderabad, India
- Stabilized 112 of 120 intermittent Teamcenter automation flows, earning STAR recognition for outstanding performance. - Enhanced over 10 Teamcenter PLM data checks and developed automation functions. Contributed to certificate creation for DOORSNG and configured on-premises installation setups. - Resolved bugs in CIS integration services, SOAP web services, and Teamcenter QA Extensions with comprehensive unit tests and automation tests to improve efficiency and reliability.	

PROJECTS

Fake Instagram Account Detection Social Information Network Machine Learning, Data Visualization	Feb 2023 - Apr 2023
- Developed a Fake Instagram Account Detection model using Adaboost for enhanced social media security - Visualized the Social Network of Instagram followers using SocNetV - Achieved an accuracy of 96% on real account and 97% on fake account	
Cloud File Security using Threshold Cryptography Threshold Cryptography, Block-chain	Oct 2022 - Dec 2022
- Implemented Cloud File Security using Threshold Cryptography to enhance data protection in cloud environments. - Secured files, texts, and images using threshold cryptography - Contributed in various parts like encryption and cloud implementation	
InNeed Job Job Portal for Differently Abled HTML, CSS, PHP, MySQL	Aug 2022 - Oct 2022
- Flexible portal to find jobs by using keywords as well as embedded principles of HCI to design UI/UX - Contributed the functionalities like gesture control and voice feedback	

ACHIEVEMENTS

Merit Scholarship Provided by Vellore Institute of Technology for good academic performance Received for 1st, 3rd and 4th academic year to Top 10 in a department	2020, 2022
Compex Scholarship Provided by Government of Indian Embassy to pursue B.E/ B.Tech (2020 - 2024) Competed against more than 5000+ students	2020

TECHNICAL SKILLS

Programming languages: Java, Python, C++, C
Web Technologies: HTML, CSS, JavaScript, PHP, React, NodeJS
Soft Skills: Problem Solving, Creativity, Communication, Leadership, Time Management
ML/AI: Numpy, Pandas, Matplotlib
Miscellaneous: SiemensNX, MySQL, PostgreSQL, Git, Latex

CERTIFICATES AND ACCOMPLISHMENTS

Microsoft Security Compliance and Identity Fundamentals - Security Concepts, IDAM
Security in Google Cloud Specialization - Cloud Security Management
